INTRODUCTION

Why This Report Matters

Buying your first home is one of the biggest financial decisions you will ever make. For many Australians, choosing the right suburb means balancing property affordability, lifestyle, and long-term capital growth potential. One of the strongest and most consistent drivers of property demand is access to **high-performing school zones**.

Homes located within top-ranked school catchments often experience above-average price growth, lower vacancy rates, and strong resale demand. For first-home buyers, these suburbs offer both immediate lifestyle benefits and long-term wealth-building potential.

How the 5% First Home Guarantee Works

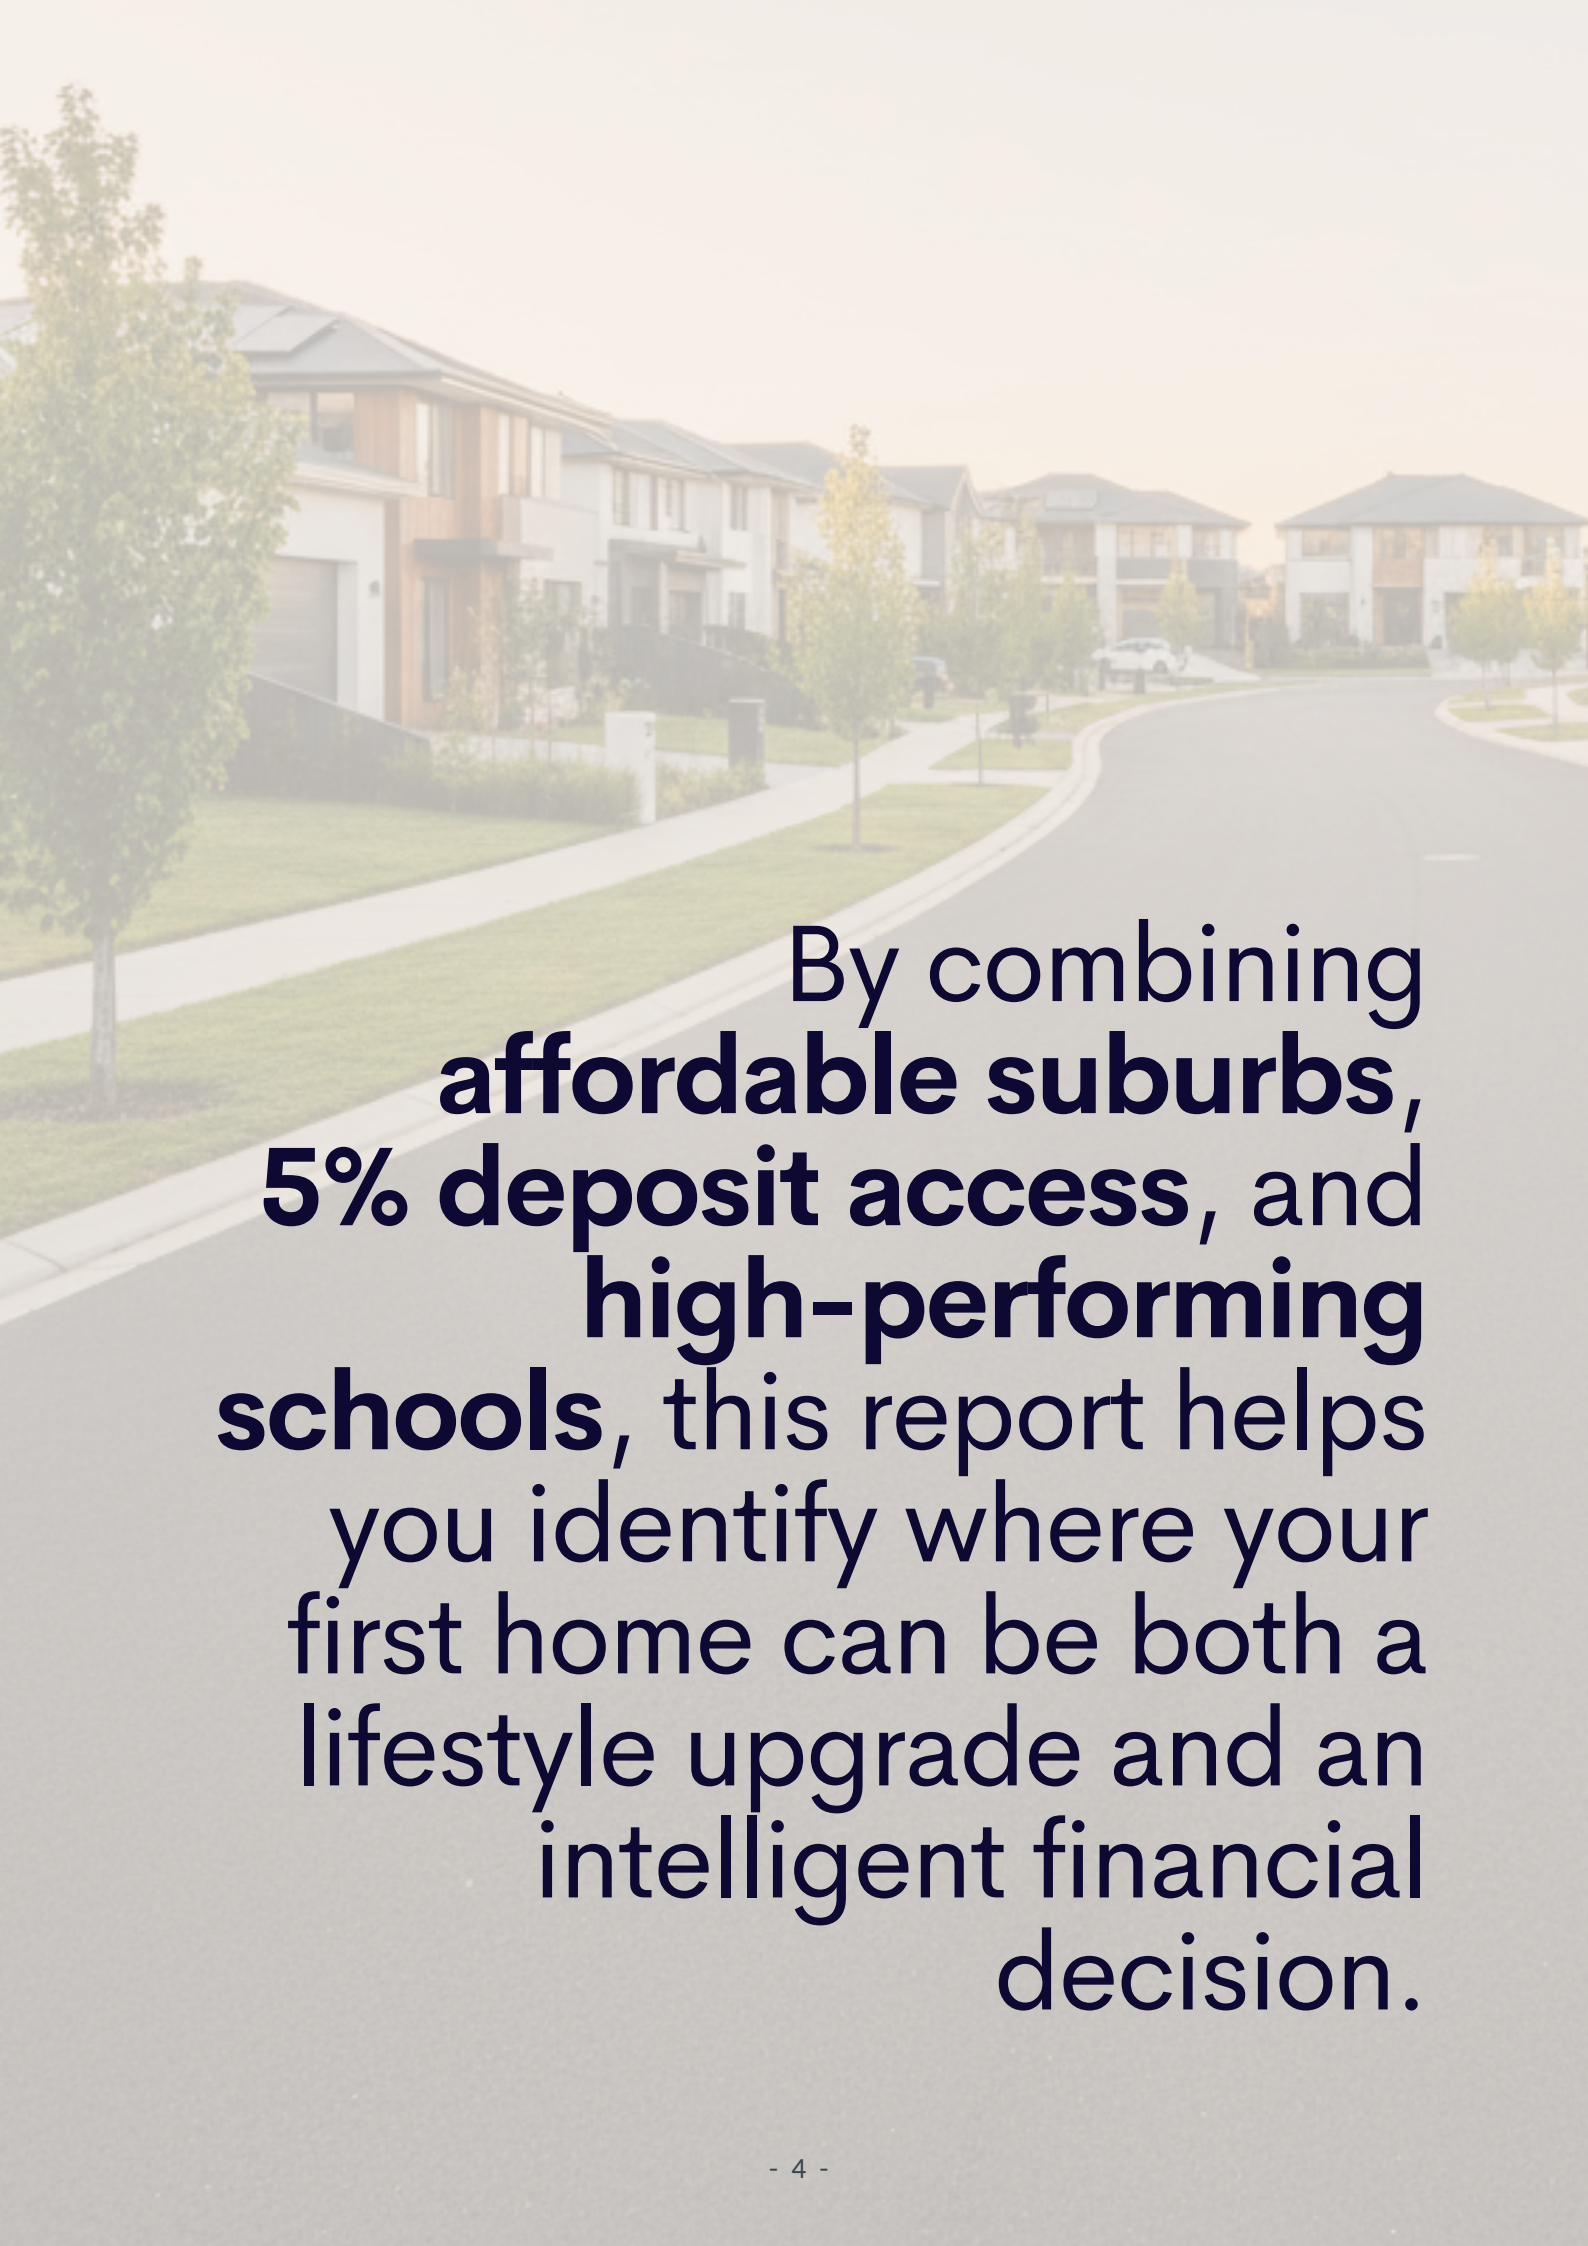

The **First Home Guarantee (FHBG)** allows eligible first-home buyers to purchase a property with as little as 5% deposit, without paying Lenders Mortgage Insurance (LMI).

The Australian Government acts as the guarantor for up to 15% of the property's value — significantly reducing the upfront cost of buying your first home.

Each state and territory has a **price cap**, meaning your chosen property must fall below that limit to qualify. This report lists the suburbs that meet the criteria.

Why School Zones Matter for Long-Term Property Value

- Families compete for access to high-performing schools, creating consistent buyer demand.
- Homes in strong school zones often outperform the wider market.
- Proximity to a top public school can help buyers save hundreds of thousands in private school fees.
- Investors also target these areas, helping maintain long-term value.

By combining
affordable suburbs,
5% deposit access, and
high-performing
schools, this report helps
you identify where your
first home can be both a
lifestyle upgrade and an
intelligent financial
decision.

METHODOLOGY SUMMARY

School Ranking Methodology

- School ranking scores used in this report are sourced from national datasets, including NAPLAN and ACARA results.
- Only schools with complete data sets were included.
- Scores are presented as **rounded values** (e.g., 60.2) for clarity.
- Primary and secondary schools with a ranking score of **60 or higher** appear in this report.

Property Price Caps

Property price caps set the maximum property value you can buy under the Australian Government's 5% Deposit Scheme. To qualify, the property you choose (*whether it's an existing home, a new build, a townhouse, an apartment, or a house-and-land package*) must fall at or below the cap for your location.

State	Capital city and regional centres*	Other areas
Victoria	\$950,000	\$650,000
New South Wales	\$1,500,000	\$800,000

Tasmania	\$700,000	\$550,000

*Regional centres are (1) in New South Wales - Illawarra, Newcastle and Lake Macquarie, (2) in Victoria - Geelong, and (3) in Queensland - Gold Coast and Sunshine Coast.

Territory	All areas
Australian Capital Territory	\$1,000,000
Northern Territory	\$600,000
Jervis Bay Territory & Norfolk Island	\$550,000
Christmas Island & Cocos (Keeling) Islands	\$400,000

How Suburbs Were Chosen

Suburbs were selected based on:

- The median price of a 3-bedroom house falls under the relevant property price cap.
- At least one nearby primary or secondary school has a ranking score of 60 or higher (where applicable).
- The suburb is located **within 50 km of the CBD**, or **within 180 km** for Tasmania.
